Our approach

Working closely with brokers and industry specialists we gain a thorough and technical understanding of the client's risk transfer requirements in order to deliver informed and tailored solutions.

Pioneer writes a diverse portfolio covering both onshore and offshore risks with a global remit. A thorough and detailed review of each risk is undertaken and the team has well established relationships with industry leading experts who are able to provide specialist risk assessment services should they be required.

PIONEER RENEWABLE ENERGY

As a dedicated Renewable Energy operation we are able to provide flexible and broad product offerings. As such we are authorised to write package and multi-line coverages as well as lengthy policy periods which cover construction plus the first year of operation. By combining this broad underwriting remit and over 15 years' of industry experience Pioneer is able to offer truly relevant insurance solutions.
